

JAIME CONDE

Aerospace Engineering Student | 678-997-6839 | jaime.conde.acos@gmail.com
[linkedin.com/in/jaime-conde1/](https://www.linkedin.com/in/jaime-conde1/)

EDUCATION

Georgia State University – Perimeter College | Atlanta, GA

Expected Transfer: Spring 2027 | GPA: 3.7 | Engineering Coursework

Relevant Coursework: Calculus III, Differential Equations, Linear Algebra, Physics II, Chemistry II,
Engineering Graphics & Design II, Computer Science I

TECHNICAL SKILLS

Design and Analysis: SolidWorks, Autodesk Inventor, nTopology, finite element analysis, parametric modeling, field-driven design

Programming and Tools: Python, C/C++, OpenCV, Spartan, data analysis

RESEARCH EXPERIENCE

Computational Chemistry Research Assistant | Georgia State University

Faculty Mentor: Dr. Dutta | Summer 2026 - Present

- Modeled Ti-, Zr-, and Hf-based metallocene catalysts in Spartan to compare reactant, transition-state, and product structures during ethylene polymerization.
- Analyzed molecular geometry, IR spectra, and electronic properties and presented the findings at GSU SURS 2026.

PROJECTS

Lattice Lug Structural Analysis – Data Driven CAD Design

- Created a lightweight lug using stress-driven lattice density and evaluated pin loading, bearing stresses, and stress concentrations.
- Prepared the design for additive manufacturing and developed a physical test to compare its strength against a fully solid component.

IREC 10k COTS Rocket — Rocket Tech GSU

- Designed nose-cone and transition structures in SolidWorks and contributed to mass-distribution, structural-integration, and flight-stability analysis using OpenRocket.
-

ENGINEERING & OUTREACH EXPERIENCE

STEP Camp Mentor | Georgia Tech

Atlanta, GA | Summer 2026

- Supported high-school students with rover construction, circuit assembly, coding, and troubleshooting.
- Explained mechanical and electrical concepts while maintaining safe, organized project workspaces.

STEM Outreach Ambassador | GOT Space, Georgia Space Grant Consortium

Georgia State University and Georgia Institute of Technology | July 2026 – Present

- Selected to support a joint GSU–Georgia Tech program delivering space science and engineering outreach to K–12 students across the Atlanta area.
- Assist with hands-on demonstrations, classroom activities, and student engagement alongside experienced outreach ambassadors.

ADDITIONAL EXPERIENCE

Administrative and Finance Assistant | JCR Contractor LLC

Atlanta, GA | 2022 – Present

- Automate payroll, audit expenses, monitor finances, and organize records for tax preparation.
 - Budget expenditures using applicable tax rates, deductions, and business write-offs.
-

LEADERSHIP

Rocket Tech GSU | Project Lead

- Coordinated documentation, team assignments, and rocket development activities for a 20+ member organization.

Vice President | Grow Together Organization

- Managed budgeting, funding requests, and outreach to 30+ members, increasing funding from \$500 to \$900.
- Supported CAD design, assembly, and troubleshooting for a hydroponics system.
